

Project 8035

Session DCC-56

#14 Iter

#8 RVer

210900 May 1981

Dome on a white bldg 5 or 6 miles SW
of a city

During cool down had to fight off

** There is a city in the vicinity of the
target, tell (**) that and have him
clear, then go to coordinates

-10,000 ft Water to left. Border up north. Border
on west.

like Lebanon but probably overlay

- 500 ft still city still white arches

- Activity, describe

activity with dome like bldg.

28 May

Street fighting - block to block, street to street

Troops in canon light sandy
portion of population - rag-tag -

** In much heavy overlay bring back to present

tank activity - heavy immediately sub -
sequent to 28 May 1981

columns or rows of tanks sweeping
entire city

medium & heavy
greatest threat

gun tube is long - no "hobie" at end
Sand says a rear

+30 tt have him look at the side of tank and
look for side skirts - just go ahead
and ask him - it may be a
Centurion or something.

15 wheels

tread width 18" wide
